

Ha'awina Pilihome: 'Imi Hua'ōlelo Hoihoi *(Homework: Finding Hawaiian Words of Interest)*

I – Set up the Wehewehe Wikiwiki website/app on your device (iPhone, iPad, etc.), or use wehewehe.org

Created by Kaliko Trapp and Kamakalōli'i (Sunny) Walker at UHH, "Wehewehe Wikiwiki" provides an efficient way to access the Hawaiian dictionary and place name resource databases through smart devices, including smart phones.

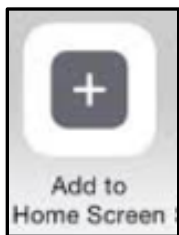

Note that the instructions below can also be found at the workshop website at papaolelo.weebly.com under the “Nā Kumwaiwai” (resources) menu. Please share these instructions and the website link with anyone who you think might like to have these Hawaiian language learning tools.

To download this link (which functions similar to an app) for your iPhone or iPad, follow these simple instructions:

- (1) Navigate to the website at hilo.hawaii.edu/wehe/ using Safari, the icon will not be available through Chrome.
- (2) Click on the share icon.

- (3) Choose "Add to Home Screen".

(assignment continued on the reverse side)

(4) You will now have the Wehewehe Wikiwiki icon on your home screen for easy access to Hawaiian dictionaries.

II – Use Wehewehe Wikiwiki or wehewehe.org to find 10 hua‘ōlelo (words) of interest to you.

III – Write down these hua‘ōlelo hoihoi and their meanings.

IV – Come to the next class ready to share a hua‘ōlelo that you found interesting.
